ABOUT ME

I am a Computer Science student at Djuanda University Bogor, deeply exploring expertise in Web Development, Machine Learning, and Databases. I possess a strong interest in Data Analysis, combined with a passion for Video Editing and Cinematic Photography. Committed to continuous learning, I am ready to contribute positively within academic and professional environments.

WORK EXPERIENCE

Finance Data Entry Intern | CV. Sindikasi Artistik Indonesia 2024 (July - August)
(Sindikart)

- Recording and inputting daily transaction data, including bank transfers and expenses, into the system.

Retail Store Assistant | Family Business 2019 - Present

- Providing direct customer service, packing items efficiently, and periodically organizing attractive product displays.

PROJECTS

Art House - Web Developer & UI/UX Designer | Oct 2025 - May 2026

Collaboration with CV. Sindikasi Artistik Indonesia (Sindikart) for Undergraduate Thesis

- Designed and developed a web-based crew and filming project management information system tailored for Sindikart's artistic division.
- Streamlined project tracking and crew allocation workflows into a centralized digital dashboard.

BM Mart (Customer Points App) - Mobile Developer | Sept 2025 - Dec 2026

- Designed a customer point system solution that integrates automated point calculations to support the management and evaluation of rewards for loyal customers.
- Implemented encrypted local data handling mechanics utilizing Hive to maintain secure and reliable transaction records.
